# ROTARY SCREW AIR COMPRESSOR SOLUTION

## 1 Rotary Screw Air Compressor

### What is:

Rotary screw compressors offer significant advantages for industrial applications, including 100% duty cycle for continuous operation, high energy efficiency, and reduced noise levels (60-70 dB). They are designed for long service life, featuring low maintenance, consistent air pressure, and high air output (CFM) for their size.

### PEERLESS PS3/10HP Screw Compressor

- 3.5HP Single Phase
- 270LPM @145PSI • 65dBa Noise Level • 110L tanks size
- 1 Year Total Unit Warranty

### PEERLESS HQD-10VSHP-FF Variable Speed Full Feature Screw Compressor

- Three Phase Full Feature
- 1000LPM @116PSI
- 10HP Variable Speed Three Phase Motor
- Fitted 200L Air Receiver and Refrigeration Dryer
- 1 Year Total Unit Warranty

## 2 Poly Fittings

Air poly compressor fittings are lightweight, corrosion-resistant connectors for polyurethane or nylon tubing, offering quick installation for workshop and industrial air systems.

## 3 Poly Compressed Air Piping

Poly pipe systems provide a cost-effective, clean, safe, and durable solution for distributing compressed air in workshops and industrial settings. The pipe is non-toxic, UV-stabilised, and supplied in 6 m lengths.

**Key Features & Advantages of Poly Air Piping**

- Corrosion Resistance: Will not rust or contaminate air supply
- Flexible Installation: Easily routed with fewer joints than rigid piping
- Low Pressure Loss: Smooth interior maintains optimal airflow
- Safe & Durable: HDPE pipes handle high pressure safely, unlike PVC.

### Compressed Air Pipe

- PE100 material durable & long service life
- SDR11 high pressure rating
- PN16 (16 bar) rated
- Available size: 25mm • 32mm

## 4 Retractable Hose Reels

Compressed air reels improve workplace safety, organisation and efficiency by keeping hoses off the floor, reducing trip hazards and preventing damage. They boost productivity with quick deployment and compact storage, extending hose life and improving workflow in industrial or workshop settings.

### Retracta R3 Series Blue case Hose Reel – 1/2" 25m

- UV-stabilised, impact-resistant case
- Made in Australia
- ProGlide wear-resistant inlet
- Advanced spring system

AW425B-01

## 5 Refrigerated Dryers

A refrigerated dryer removes moisture from compressed air by cooling it, causing water vapor to condense into liquid, which is then drained away. By reducing the dew point, these dryers prevent corrosion, freezing, and damage to pneumatic equipment while improving final product quality.

### PEERLESS Refrigeration Cycle Air Dryer 1000LPM

- 3/4" BSP Inlet/Outlet
- Removes moisture
- Protects pneumatic tools
- Cools Compressed Air Up To 35CFM (1000LPM)

WB7.5D

## 6 Filtration System

### PEERLESS PREF Higher Pre Filter Element

- 1 micron high-efficiency filtration
- Removes particles, oil, and vapours
- Automatic moisture drain
- Cleans your compressed air before it reaches your tools

### PEERLESS POSTF Higher Post Filter Element

- 0.01 micron high-efficiency filtration
- Removes fine particles, oil, & vapours
- Automatic moisture drain
- A high-quality post filter that removes fine particles & oil from compressed air

### PEERLESS CYCL Cyclonic Water Separator

- High-efficiency moisture removal
- Protects equipment
- Automatic drain
- Removes water and moisture from compressed air before it reaches your tools

### PEERLESS Water Trap Filter Regulator with Automatic Drain

- Regulates air pressure
- Removes large particles
- Float drain for moisture removal
- Pressure regulator with built-in filter & auto drain
- Controls PSI & removes water and contaminants

## 7 Service Kits for Rotary Screw Air Compressors

Screw compressors are reliable machines, but their performance depends on key components working together and regular servicing. These components include the oil filter, air filter, oil-air separator, and compressor oil. We can provide full range of services kit to maintain your Compressor.

A full range of PEERLESS Service Kits available to suit all screw compressor hour-based service intervals
